

Finger Scanning Clock-in System - Allied Health Professional Pledge

I pledge to stand together with my colleagues and abide by the decision taken by the group: we will not use the finger-scanning clock-in system.

I will not be intimidated or coerced into using the system by management or any other person. I will immediately report any attempts of intimidation and coercion to my VAHPA Delegate.

I will support my colleagues in this struggle and do all I can to promote our cause.

We stand together for what is right. Solidarity makes us strong.

I, _____, agree to abide by my pledge and hereby refuse to use the finger-scanning system.
