

Bargaining for better!

Following many months of bargaining and one inadequate offer, its time to think about what type of industrial action we might take next year to achieve the Agreement that you all deserve.

There are some steps we need to take before we can take any action, but it is important we start planning now and think about what type of industrial action we might need to take next year.

To help plan, we've prepared a short survey and we you to complete it and tell us what you think! This is your opportunity to be involved and tell us if and how we might take industrial action together. Your feedback will go a long way to helping the Union bargaining team plan our next steps.

Once you've completed the survey - show at least two colleagues this flyer and have them do the same - and if you're not in the Union, you can join now using the QR code at the top of this flyer!

Your voice is crucial!
