

# **IS YOUR WORKPLACE TAKING ACTION?**

The following Employers are covered by the PABO and are approved to participate in Industrial Action. If your employer is not listed, unfortunately you won't be able to take any protected industrial action. Fear not – we're still hard at work bargaining on behalf of all of you, and there are plenty of ways for you to support and get involved in our campaign without having to take protected action. Get in touch if you have any questions.
